

ScreenSmarter

A LocateSmarter Solution

Powering **smarter** Background Check platforms.

Looking for A New Solution?

In today's shifting background screening landscape, you need a trusted data partner to deliver actionable insights.

Ensure Client Satisfaction

Deliver trusted data that meets client demands every time.

Rely on Dependable Data

Experience uninterrupted access with near-perfect uptime.

Scale Confidently

Leverage smarter data to grow your platform with ease.

Introducing the Missing Piece

ScreenSmarter enhances Background Check platforms who help CRA's complete their screenings.

- **National Criminal Data** - Access our comprehensive criminal database with superior coverage.
- **Enhanced Criminal API** - Actionable court records powered by combining our database with enriched sources.
- **SSN Trace** - Find matches others miss with better results, reduced turnaround time, and fewer disputes.
- **Civil Litigation History** - Discover potential legal and financial actions through our national database.

With millions of records sourced from over 3,500 trusted data sources, LocateSmarter's powerful APIs easily integrate into your existing platforms so you can deliver faster, more reliable searches.

Ready to ScreenSmarter?
